

SOME PEOPLE ARE LIKE TREETOADS

They are Afraid to Acknowledge They Are Christians When Outside of Church, Says Rev. David Hill.

"Some members of the church are like tree toads," said Rev. David Hill, an evangelist of Lancaster, O., Wednesday night at the First Church of the Evangelistic association, Lafayette and Monroe sts.

"This tree toad," he continued, "has a habit of changing its color. When it is in the light it is white and when it is in the dark it is black. Many of the members of the church are like this toad. When they are in church they are Christians but out on a street car, at the hotel, restaurant or any other public places they are ashamed to acknowledge they are Christians."

The meetings at the First church are joint ones, the members of the Methodist Evangelical assisting in making the services a success. The capacity of the building is taxed at each meeting. An additional feature is the large chorus which is directed by C. C. Rineberger of Illinois, who also gives several solos during the evening.

Tonight Rev. David Hill will use as his subject: "The Relation of the Tadpole to the Monkey, or Where Did Cain Get His Wife?"

CHURCH SOCIETY WILL HOLD CHINESE NIGHT

Food Will be Served by Girls in Chinese Costumes at First Baptist Church.

One of the most unique entertainments ever presented in South Bend will be given next Friday night by the Ladies Aid of the First Baptist church.

A "willow ware" party will be the feature of the evening. The church will be decorated in Chinese fashion and every table will be arranged to make the program Chinese from beginning to end. A Chinese luncheon will be served and the food will be prepared and served by girls gowned in Chinese costumes.

Mrs. J. M. Brownlee will read a Chinese love story entitled "Willow Ware" and every one that attends will be given a China plate with an illustration of the story on it. Chinese contests, games and riddle will take up the rest of the evening's entertainment. Mrs. T. A. Freeman has charge.

STRIKING DRIVERS ARE UNDER ARREST

Members of Chauffeurs' Union Are Charged With Obstructing the U. S. Mails.

NEW YORK, Nov. 13.—The recent strike of the chauffeurs employed on mail trucks here and the ensuing brief tie up of service, resulted Wednesday afternoon in the arrest of the president of the Chauffeurs Union, a former president and five other members. In addition, warrants were sworn out for five others, who, it is alleged had a hand in the strike.

All were charged with conspiracy to obstruct and retard the operation and movement of the mails, an offense punishable with a maximum prison term of two years and \$10,000 fine.

Louis Terry, known as "Big Terry," former president of the union, and Patrick Johnson, said to be the union's present head, were among the first arrested. They and their companions were held in \$5,000 bail each for examination Monday.

A HAPPY CHILD IN JUST A FEW HOURS

If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—whether full of cold, or a sore throat, diarrhoea, stomachache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup. —Adv.

Ellis Island Officials Instructed to Make Report on Alleged Entrance of Zelaya.

WASHINGTON, Nov. 13.—Immigration officials at Ellis island, N. Y., were asked Tuesday to make a report on the alleged entrance into the United States under an assumed name of former Pres. Zelaya of Nicaragua. F. H. Larned, acting commissioner general, ordered the report, when he read press dispatches that the deposed ruler of the Central American country was in New York.

The matter was a subject of considerable talk among the diplomatic corps Wednesday. That Zelaya's plans are they said they could not guess. It was recalled that the Taft administration was anxious to secure the punishment of Zelaya, against

When indictments are said to be pending now in Nicaragua, for his alleged execution without a fair trial of two young Americans, Cannon and Groce, accused of having fought with revolutionists against him.

While Zelaya could not be held and tried in this country for a crime committed in Nicaragua, it was pointed out that if Nicaragua should ask for his extradition this country doubtless would honor such request.

A New Method of Baking Cakes

Mrs. Nevada Briggs, the baking expert, says:

"There is just one way to make your cakes rise high and evenly—give them time to rise before a crust is formed and the batter is stiffened by cooking."

"If using a gas, gasoline or oil stove, light your oven when you put the cake in and keep the flame low until the cake has doubled in bulk; then increase the heat until it is evenly browned and will respond to the pressure of the finger. If using a coal or wood range, leave the oven door open until the cake is in; then turn on the drafts and by the time the oven is at baking temperature, the cake will have raised sufficiently."

For rich, moist, feathery cakes Mrs. Briggs always recommends

KC BAKING POWDER

It is double acting and sustains the raise. You can open and close the oven door, turn the tin around in the oven or do anything else necessary, without any danger of making the cake fall.

Try your favorite cake next time with K C Baking Powder and see how much higher it will rise. Make it just as you always do, with the same quantity of baking powder. While K C is less expensive than the old fashioned baking powders, it has even greater leavening strength and it is guaranteed pure and healthful.

Try a can and be convinced

the manner in which the situation was being handled. Mr. Stewart reported Wednesday that the interurban question was settling itself, and that one large company had signed with its men Tuesday night. He was instructed to return to Washington at once to report also on the Colorado coal strike, which he had previously investigated.
